Amended Pokagon Band Gaming Commission Regulations

Notice of Adoption

- **Description of the Nature**
 - Chapter IV Minimum Internal Control Standards and Chapter V Gaming Devices of the Pokagon Band Gaming Commission Regulations have been amended to enhance regulatory oversight and compliance with gaming standards in the following areas of casino operations: organizational structure, table games, standards of credit, keno, card games, kiosks, transportation/movement of gaming devices, kiosk drop and count, standards for evaluating theoretical and actual hold percentages, and Erasable Programable Read-Only Memory (EPROM) control standards.
- **Effect of the Adopted Regulations**
 - The amended language contained in Chapter IV and V of the Pokagon Band Gaming Commission Regulations improves regulatory oversight and compliance with established minimum control standards and the management and operation of casino gaming devices.
