

### PROPERTY CLOSURE ORDER – DOWAGIAC

The DNR’s Dowagiac River Re-Meandering Project began in March of 2022 and tree, shrub, and native plantings are continuing in the area of closure, therefore, in the best interest of safety, the area where the work is being completed is closed until further notice. This closure order was passed by Tribal Council resolution # 21-09-27-01 and reviewed by Tribal Council on October 31, 2022. The area is depicted in the map below. This area is closed to all access, including hunting, fishing, and gathering because we do not want anyone getting injured within the work zone.
