

## *Pride at the Tribe!*

On the last Thursday of every month from 5 – 6:30 p.m., LGBTQIA2s+ kids between 13 – 17 years old are encouraged to join their peers at Behavioral Health for some social and support time.

While kids gather in their own group led by a behavioral health counselor, parents and caretakers have the opportunity to participate in a separate counselor led parents group to ask questions and seek support if they choose.

Often times, for parents or caregivers of LGBTQIA2s+ kids, understanding the process of how to best love and support their child can be overwhelming without the right community and tools. The behavioral health specialists are there to offer support.

If you would like more information about Pride at the Tribe please call Behavioral Health department at (269) 783-2476 or email Stacy Young at [Stacy.Young@PokagonBand-nsn.gov](mailto:Stacy.Young@PokagonBand-nsn.gov).
